OVER 6,000 property units with an overall value of RM3 billion will be offered at the Bumiputera Property Exposition (Bumi Mapex) starting today until the weekend.

The event, organised by Real Estate and Housing Developers' Association Malaysia (Rehda) is held at the Shah Alam Convention Centre in Selangor.

"Bumiputera buyers, who are looking for their dream home, are encouraged to come to the Bumi Mapex as over 6,000 property units from various types will be offered, with an overall value of RM3 billion," Malaysia Property Expo 2016 committee chairman Datuk Ng Seing Liong (picture) said.

Ng said most of the properties offered at Bumi Mapex are focused on the Klang Valley. The strategic location of these units, especially with access to infrastructure and developments, will increase buyers' interest.

Visitors of Bumi Mapex 2016 will also have the opportunity to get tips from renowned real estate experts such as Faizul Ridzuan, Mohd Ali Majis, Dr Azizul Azli Ahmad and Ahyat Ishak.

Among property developers who will participate in the expo are PNB Development Bhd, the Selangor State Development Corp or PKNS, Mah Sing Group Bhd, IJM Land Bhd, I&P Group Sdn Bhd, Johawaki Development Sdn Bhd, Kota Kelang Development Sdn Bhd, Sin Hee Yang Property Management Sdn Bhd and four related government agencies.
