Discounts on House Purchase

The Real Estate and Housing Developers' Association Malaysia (REHDA) wishes to further highlight our statement yesterday where house purchasers can look forward to a minimum of 5% discounts on their purchase. Depending on the location and type of projects, we further encourage developers to lower down their prices up to minimum 10% in their new launches, where possible.

“We hope that buyers will take this opportunity to make their purchase in view of the discounts given as part of our efforts in assisting the Government to help rakyat own homes”, said Dato’ Soam Heng Choon, REHDA President.
