The Real Estate and Housing Developers' Association Malaysia (Rehda) is working with the Housing and Local Government Ministry (KPKT) on the proposed Residential Tenancy Act.

"We have been having meetings. We have appointed a consultant on board and they are working on formulating the Act. There's been a lot of discussions," president Datuk Soam Heng Choon told reporters on Wednesday.

The Act is intended to protect both landlords and tenants in the event of any dispute that arises during a tenancy period.

KPKT said it expects a study of the Act and data gathering exercise to be completed by this year, followed by the formulation of the Act next year.
